New York Numismatic Society:

Gentlemen:

You have so many splendid medalions that our association is eager to find out if we can utilize one of your designs for our athletic medal that is to be struck off for the Labor Day contests.

The design should be simple, probably symbolizing endeavor. We give many awards: for the best garden, dancers, community activity, group activity, the best court and so forth.

Naturally we have not an excess amount of funds.

Tell just what we can do to utilize your resources.

Sincerely,

J. Charles Laue
